

# Zintro

The automatic,  
compact  
and productive  
barista

**AZKOYEN®**

# Designed to increase your profit

Zintro is a compact machine, incredibly productive for the operator and attractive to consumers.

## Earn more with the Customixer function

Thanks to the potential of the new VPTT Vending Performance grinder and to the flexibility of the Azk V10 espresso unit, we have developed this exclusive feature that allows users to **adjust the amount of coffee, milk and sugar for each serving.**

- It increases the average price with the new “Extra Energy” and “Smooth Coffee” pre-selections.
- It **increases the sales** per machine with the Customixer setting that allows consumers to personalise their drink.

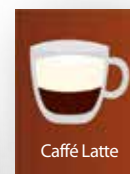

## The eye-catcher in public Vending

Minimalist, ergonomic and intuitive design to attract the attention of consumers, increase impulse sales and gain new customers.

- **Exclusive touch keypad**, patented by Azkoyen.
- **Can be personalised by changing front panel and group of labels.**

## Surprise your customers with a world of sensations

Zintro prepares a variety of speciality espresso and instant coffees with excellent **body, aroma and creamines**, as well as infusions and other hot drinks to delight your customers.

Thanks to the **Button Barista application**, available from App store and Google play, consumers are able to **customise their drinks** via their smartphone.

## Reduce operational costs

### Extremely simple installation and configuration:

- Preloaded configuration profiles.
- 12 programmable buttons.
- RS232 connectivity and communication routes.
- USB connection kit available.
- EVA/DTS Accounting.

### Easier maintenance and product top-up:

- Product loading without removal of hoppers.
- Easy to clean flat surfaces.
- Solubles system designed to prevent incidents and jams.
- Filter change messages programmable by number of servings.

### Security and anti-vandalism:

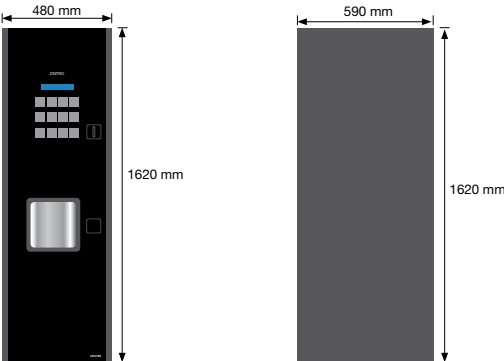

- Acrylic glass reinforced with galvanized steel sheet backing.
- More secure Cup Station, made of stainless steel.

## Environmentally friendly

Zintro has been designed using the 3 Rs rule: reduce, reuse and recycle

- Reduces energy consumption to level A+.
- Reuses machine via easy reconditioning.
- Recycles by complying with RoHS and WEEE regulations.
